

This log manse has a wealth of folkloristic features. Its sumptuous forms seem to be hiding many happy secrets. Inside is a home whose every part is functional. The heart of the ground floor is its airy living room, which opens up under a high ceiling and out into a spacious terrace. The cosy kitchen further enhances the feeling of space. The second floor gives the family privacy, with every conceivable amenity. A separate outbuilding emphasises the magnificence of the home. It houses a two-car garage and extra space, which can be set up as, for example, a guest house.
